STATEMENT

on access to online trading application "VTP" (Virtual Trading Point)

System user hereby declares that it has a concluded Virtual point membership contract No. _____ with Slovenian Transmission System Operator, company PLINOVODI d.o.o. and agrees that PLINOVODI d.o.o. allow him access to online trading application VTP (Virtual Trading Point) with using named digital certificate. If System user still does not have a named digital certificate, issued by PLINOVODI d.o.o., will Slovenian Transmission System Operator (TSO) issued it in accordance with this statement.

The named digital certificate will be issued in order to enable access to online trading application to the authorized person listed below and at the same time to provide higher data security when accessing the online trading application VTP.

By signing this statement, the System user authorizes the person (name and surname) _____ with _____ electronic address _____ for accessing the services of virtual point by using online trading application VTP on behalf of the System user and for issuance of a digital certificate on his/her name.

System user declares that all e-mails from an online trading application wish to receive on e-mail address _____.

Transmission system operator will send to the authorized person named digital certificate, password for access and instructions to install the certificate.

By signing this statement System user hereby declares that it will protect its own digital certificate and will allow access to the digital certificate only to authorized person.

System user, as a Balance group leader which will trade on the trading platform, unconditionally and irrevocably declares that it recognizes the functioning of the trading platform, and on the base of trading platform conducted deals, especially that each entry offer to sell or buy short-term standardized product has an effect of bidding offer. An acceptance of such offers on trading platform represents a concluded deal for sale or purchases this product, without the need to conduct special contract between system user and TSO in written form. Payment conditions and method of calculation of such transactions have been set on the day of conclusion of Virtual point membership contract (Article 7 of the Virtual point membership contract) between the System user and the TSO.

System user, as a Balance group leader which will trade on the trading platform, unconditionally and irrevocably declares that the invoices, sent by TSO for natural gas quantities which will TSO sell to System user on the basis of trading with products on the

trading platform, will be fully settled by System user in accordance with Article 7 of Virtual point membership contract.

By signing the statement System user confirms that the information and data written in this statement are fully correct and that every amendment will be announced to the Transmission System Operator without delay. System user has to send this statement by using one of the following ways:

- Signed and scanned statement to email address: vtp@plinovodi.si;
- Signed statement on fax no. +386 1 5820 667;
- Signed statement to the address of the company Plinovodi d.o.o.
